About the programme

The purpose of our Challenging Behaviour course is to equip you with the relevant knowledge, skills and competence in supporting individuals with intellectual disability with challenging behaviour.

Course Topics:

- Define the concept of “challenging behaviour”
- Identify inappropriate behaviour presented by an individual with intellectual disability
- Describe behaviour in observable, measurable terms
- List the goals of Positive Behaviour Support
- Explain how internal factors, related to a person’s health and well being, can underlie challenging behaviour
- Explain how external factors related to the environment and the reactions to behaviour, can underlie challenging behaviour
- Define the terms “positive reinforcement”, “negative reinforcement”, “antecedent” and “setting events”
- Recognise examples of positive and negative reinforcement of inappropriate or challenging behaviour in daily situations in the lives of people with intellectual disability

Student Support

- Comprehensive support from our full time in-house tutors through email, phone, webinars and a discussion forum
- Additional supports available to learners include:
 - Peer-to-peer support through the online discussion forum
 - Pastoral care & CV guidance
 - Specific support for learners (via reasonable accommodations)

Career Opportunities

Our graduates work in areas such as:

- Residential Services
- Day Services
- Respite Services
