### About the programme

The purpose of this award is to enable the learner to acquire the knowledge, skill, and competence to work under supervision in providing support in a variety of Healthcare settings and or to progress to further and or higher education and training.

### How does the online course work

Once enrolled, you will receive an email containing your log in details to your online learning platform to start your course.

Before your modules are released, you will need to complete a scheduled webinar with your tutor.

The webinar will provide you with topics such as IT skills, Assistive technology, how to navigate your way through the online learning platform, how to submit your assignments online, study skills, goals, mindfulness, academic writing skills, harvard referencing and supports available at Chevron College.

As our course is online based you can complete it entirely in your own time and pace from home.

On average it will take about 4-6 weeks to complete each module if you were to spend 10-15 hours each week studying your course. There are 8 modules in total. You will be assessed per module by submitting written assignments to your tutor.

There will be at least one exam to complete throughout the duration of the course however exams can be completed online.
